Objective

Passionate Developer with a demonstrated history of crafting innovative solutions that seamlessly integrate front-end technologies. Committed to delivering top-notch, user-centric applications. Seeking expertise in web development, adept problem-solving skills, and knowledge of emerging technologies to contribute effectively to a dynamic team, fostering continuous learning and impactful collaboration across all positions.

Professional Experience

Flight Expert (FEBD LTD.)

Senior Software Engineer

January 2024 – August 2025

- Architect and develop scalable, secure, and user-friendly applications using **Next.js** and **React.js**.
- Collaborate with cross-functional teams to ensure seamless integration between front-end and back-end.
- Perform extensive testing for usability, functionality, and accessibility.
- Optimize application performance to ensure high responsiveness.
- Review and mentor junior developers through regular code reviews.
- Research and integrate modern tools and technologies into the development workflow.

Software Engineer

July 2022 – December 2024

- Delivered multiple web solutions using **React.js**, **Next.js**, ensuring clean UI and optimal UX.
- Maintained close collaboration with backend teams for API integration.
- Identified and resolved application performance bottlenecks.

Frontend Developer

December 2021 – June 2022

- Focused on building responsive and accessible interfaces.
- Ensured code quality and maintainability with best practices and testing.

Easy Sheba Platform Ltd.

Junior Web Developer

December 2021 – June 2022

- Developed and deployed company websites using **React.js** and **Node.js**.
- Handled deployment and post-launch maintenance.
- Conducted testing to ensure functionality and cross-browser compatibility.

Education
